Guide to Report Card

*Thank you for participating in the 2017 DiversityInc Top 50 Companies for Diversity Competition.
This is your free report card.*

- There are five sections in this report card: Talent Pipeline, Talent Development, Leadership Accountability, Supplier Diversity, and Best Practices.
- Each section starts with a summary dot plot showing your company's place among the Top 10, the Top 50, and all qualified participant companies.
- Following the section summary, the representation details are presented using radar graphs and heat-maps.
- The heat-map cells use nine different colors, from red to green, to indicate performance. Yellow indicates that the representation of the specific group in your company (in terms of percentages) is on par with that of the Index. The greener the cell color, the farther above the Index; the redder, the farther below.
- Benchmarking customers receive an expanded report (55 slides) with Index percentages in addition to this report card. We also analyze customers' results and recommend best practices based on what the data tells us, in order to help achieve best results for the efforts.
